GENERAL INFORMATION

Welcome to the oldest Private Game Reserve in KwaZulu-Natal!

Thula Thula, family owned and operated, is situated in Zululand, only 40 minutes from Richards Bay harbour and airport, 45 min from Umfolosi game reserve - Cengeni Gate and less than 2 hours drive from Durban. A 700m airstrip is on the property.

Thula Thula, with its centuries of cultural and wildlife heritage, takes pride in tracing back its origin to the private hunting grounds of King Shaka, founder of the Zulu Empire.

The first historic meeting between Shaka and his father (Senzangakhona), which set the stage for the creation of the Zulu nation, took place at the Nseleni River at Thula Thula.

Experienced rangers will guide you on exciting safaris in open Landrovers through the unique diversity of this ancestral land to encounter elephant, rhino, leopard, giraffe, hyena, crocodile, zebra, wildebeest, kudu, nyala and a spectacular variety of other indigenous species, great and small.

Birdlife is prolific with over 350 identified species, including raptors.

The re-introduction of a family herd of elephant in August 1999 marks the historic return of these great creatures to the area for the first time in 100 years.

Extra activities include a massage therapy, or a visit to the local rural Zulu village, authentic experience with an encounter with the Inyanga, the Zulu "Doctor" who will display for you the traditional Zulu medicine, the visit of Umfolosi-Hluhluwe Game Reserve or a cruise on the St Lucia Estuary to view hippos and crocodiles.

Thula Thula is situated in a malaria free area.
